November 30, 2018

Dear Friend,

Thank you so much for your loyalty to Jewish Family Service and for recognizing the value we bring to our community.

By giving a donation to the JFS 2019 annual Friends Campaign, you are giving to all the individuals and families who depend on us for essential social services. This past year, JFS services made a difference in the lives of over 600 clients, including:

- “Maggie”, a 7 year old girl removed from her home due to her parents opioid addiction, for whom we found a caring foster-to-adoptive family
- “Charlie”, a newly retired gentleman struggling with depression, who found new hope and direction through our Myndworks Counseling Program
- “Josh”, an acting-out 9 year old, who learned constructive ways to channel his anger by participating in play therapy
- “Beth”, a single mother who we helped cover the costs of her children’s back-to-school supplies and clothes during a temporary summer lay-off

Without your support, many of these people would be faced with no viable alternative. At best, some would manage to make it from one day to the next; at worst, for many others, their emotional and physical health could be greatly compromised.

Please consider not only renewing but increasing your commitment to JFS by the close of this calendar year. Eighty-eight cents of every dollar you give goes directly into client services and has a significant impact on the quality of life in our community.

Thank you again for your caring, compassion and generosity.

Sincerely,

Barry Stein, Executive Director

Marty Rogoff, Board President
