March 1, 2019

Dear Friends,

Thank you for continuing to lend your support to JFS and the many people who rely on our services each and every year. Through your generosity and ongoing commitment, we are much better prepared to meet the challenges facing our community and provide a life-line to so many children, families and older adults.

Jewish Family Service is approaching the mid-point of our 2019 Friends Campaign and has reached approximately half of the \$65,000 fund-raising goal necessary to sustain our important work. This past year alone:

- *Project Lift* enabled 66 individuals to navigate the social service system and access essential resources.
- *Back on Track* offered monetary assistance to 15 households to address an acute financial crisis.
- *Myndworks Counseling* helped 277 additional people draw on their inner resources, enhance their relationships and live more fulfilling lives.
- *AdoptionLinks* has laid a path for 65 foster children to find a safe and nurturing home.

There is no way to bring this array of social services to fruition without your help. Please consider initiating, renewing or increasing your gift to JFS this year. Your gift means so much for so many. Thank you!

Sincerely,

Barry Stein, Executive Director

Marty Rogoff, Board President

P.S. Please join us on April 28th for “Turning Crisis into Hope: Opioids, Trauma and Raising Resilient Children.” More information and tickets are available at www.jfsofhhbg.org.
